

Angels of Summer City

A vicious mob strike, sides are drawn, and a full-blown war erupts between two rival mafia syndicates in Summer City, a city choking itself with hedonistic pleasures and broken promises. The mind of Tyler Rebik brings you this gritty, action packed and fast-paced novel that was written in the vein of Neo-Pulp fiction. With the writing style to show fast-action and full-blown action sequences, Rebik delivers a story worth rereading.
