

A True Rumor (Troy Greer)

A fast paced techno thriller that pits Silicon Valley security software billionaire CEO Troy Greer against the ultimate East European hacker disguised as a Muslim radical in a race to save Washington from a devastating worm that takes control of the DoD network. Set during the second Iraq war, this one does not disappoint. In the tradition of Vince Flynn and Brad Thor, meet the next generation hero, an unsuspecting CEO that first uses the DoD to make millions only to have the DoD take it and his freedom away.
