

Angel of the Night

In war torn Afghanistan shots are fired every day, and Wendy Shafer and the medical staffs hands are full patching the wounded back together. But when a high ranking official is murdered in cold blood, suspicion lands on everyone. Wendy is a nurse who is all about healing, and protecting her heart which has known little but loss. Is there anything, or anyone, that can bring a light to her eyes? Romance, intrigue, and mystery abound in Angel of the Night.
