

Stan and Rebekahs good friends, Don and Pam Blaylock, are in deep trouble. An imprudent investment in a Golden Dragon franchise and their sons arrest for DWI triggers an avalanche of misfortune culminating in the murder of Luther Bell, the smooth talking promoter responsible for their impending demise. While Stan conducts a preemptive investigation to prove his clients are innocent, he is inundated with lawsuits and claims from their growing list of creditors and must deal with the inevitable marital strife that threatens this once proud family. A wrongful death suit worth millions, ancient Peruvian pottery full of diamonds and a confrontation with the mob rounds out this nail-biting legal thriller.
