

Exposing Eurabia

Two years ago, Abby Haddad worked with federal authorities to prevent five horrific terrorist attacks on the United States homeland. Broken-hearted because her older brother, Mohamed, was a key player in the terrorist cell, she has conflicting feelings when he escapes capture and becomes the number one most wanted criminal in the country. She and her family are still healing from this heart-breaking event when she becomes a victim of a bombing at the Harvard University campus. Physically wounded and emotionally shocked she follows her instincts and tries to flee the scene without law enforcement discovering that she Mohameds Haddads sister was there. Her plan quickly becomes more complicated when she stumbles across two terrorists who are fleeing the scene of the attack one being her fugitive brother, Mohamed.
