

High Court Case Summaries on Employment Law, Keyed to Rothstein, 7th

This title contains well-prepared briefs for each major case in this casebook. High court briefs present the essential facts, issue, decision, and rationale for each case in a clear, concise manner. While prepared briefs can never substitute for insight gained by actually reading a case, these briefs help you identify, understand, and absorb the core take away knowledge from each case. The briefs are followed by a useful legal analysis, which provides extra tips and contextual background, connecting the case to the broader concepts developed throughout the casebook. The book also supplies case vocabulary, which defines new or unusual legal words, and a corresponding memory graphic for each brief that is an entertaining visual representation of the relevant facts or law of the case.
