

## Shepherds of the Apocalypse

Shepherds of the Apocalypse follows the story of Kerry, Bonnie, Gary and Paul as they attempt to survive the catastrophic events at the beginning of another mass extinction on Earth. This novel follows these characters as they attempt to adjust to a life of survival. What would happen to our way of life if the Earth's weather abruptly changed course, and began to sink into another ice age? What would happen to our world? What would you do with your existence as a human being if suddenly every day was about simple survival and nothing more? Would you descend into the anarchy and barbarism or would you attempt to salvage a civilized life, preparing a safe place for those like-minded people? This story asks these questions as it follows Kerry, Bonnie, Gary and Paul and other mysterious characters in their struggle to survive the catastrophic events at the beginning of another mass extinction. Who will survive and at what cost?
