

Rayla 2212

Rayla 2212 follows Rayla Illmatic, a third generation citizen of Planet Hope, a former Earth colony that has claimed its independence. But the utopian world has turned upside down and Rayla is on a quest to right the wrongs and end the rule of the Dirk. After her lover, and rebel leader Carcine disappears on a mission to find mystical scientist Moulan Shakur, Rayla embarks on a journey to complete it. She soon finds herself on a journey to find The Missing, a group of New Age Astronauts who were lost in the teleport project. But all isnt what it seems in this world where time and space shift at will. This story ties reincarnation, space travel, virtual worlds and love. As Rayla discovers new worlds, she comes to discover herself and her power.
