

## Operation Zero

The story of a stubborn conservationist who meets the love of his life and their struggle against conspiracy, corruption and slaughter in the African bush. Betrayed by an obsessive US Naval officer and hunted by an overzealous FBI agent, their destinies are forced together in a saga leading from the streets of Washington DC via the ancient cities of Europe to the African bush. Here they are ensnared in a plot to slaughter thousands of elephant and execute a coup d'etat by ruthless exploiters who would stop at nothing to reap the riches of ivory to feed their insatiable lust for power.
