

The Flight of the Phoenix: A Gripping Story of Survival

Winner of the AudioFile Earphones Award They are twelve men who shouldn't be alive. They have survived the sudden blinding sandstorm that crippled their air freighter. Survived a desperate crash landing in the Sahara of Central Libya. Survived to face the slow, dry, agonizing death of the desert. Twelve men with one hope: to build a new plane from the wreckage of their Skytruck and make a flight out of hell. Only one man could build such a plane: Stringer, the brilliant and obsessed engineer. Only one man could fly it: Towns, the arrogant and tormented pilot. Both had been aboard the Skytruck, but both are mortal enemies whose consuming hatred for each other is a danger greater than the desert itself. [This All-Time Classic Thriller was twice made into a major motion picture in 1965 & in 2004]
