

The Illuminati Resistance, An Explanation of our Disutopic Present: A pamphlet distributed in the year 2022 calling for change in the established Novus Ordo Seclorum

In an augmented reality, much like our own, a secret shadow government has been preparing for the creation of a New World Order since the latter part of the 20th Century. This group, composed of organized crime syndicates as well as wealthy capitalists, sometimes called the Illuminati, has subverted the major governments of the world. It has secretly established, via the use of Mind Control technology obtained from alien spacecraft, a single world power which uses the false democratic governments of the world as secret fascist puppets. This is the Truth behind a subversive movement infiltrating and changing the very foundation of human society for its own nefarious gain. During the early decades of the 21st century, the entire population of the world was exposed to a genetically engineered retrovirus which transmitted a means to subconsciously control the minds of every human being on Earth. This document explains the history behind this movement, a description of the technological means used, and a chilling detailing of the problems this causes for the ordinary citizens of the world. Apparently it was always there, lurking quietly just below the surface of reality. A darkness that few people on this Earth have ever truly seen, and those that have wish deeply that they could go back and avoid whatever wrong turn brought them to it. Whole cities bend and morph -- places and things that were once well known to you reveal that their true nature has always been far darker, more nefarious. Every face you encounter could be an agent of evil. A force exists in this dark world possessing unlimited financial resources, untold power, and secrets so world changing that few outside the highest levels of intelligence communities would dare to believe them. This force can bend the will of men, and in this particular case, it is your hopes and desires being targeted; and you will

succumb. This is a world not so different from the one we live in today, and one that is all too close to coming to fruition, only your belief can save us all. Unfortunately, by the time you realize the true meaning behind this message, it will be too late. This dark force will have penetrated deeply into every crevice of society, quietly growing stronger each day, until the world you now know has been fundamentally changed. No longer a society to serve the people, or protect the weak; this is a world whose sole purpose is to mask a new hegemony; secret, and above any single world government. This is the history of the Illuminati Novus Ordo Seclorum.
