

Charleyville Revisited: The Tales of Two Sisters

Two sisters explore, in essay and fiction, the common experiences and frustrations of growing up in a small town, and the mystical worlds that provide an escape from the ordinary. Stroll through our haunted forests; learn exactly what seems so odd about a new neighbor; strive against repression and receive blessings; discover sanctuary in the most unlikely places; allow a bluesman to heal you with his music and a touch of his magical hands; find suggestions for a cure (we hope) for current societal ills. Above all, enjoy, and may every one of the what ifs? inspired by these pages be answered
