

Children and Literature

Publishing of books is a mark of growth of a particular society. The types and topics of books are a sure indicator of development of sensitivity in a given society. Books that sell ought to be brought out but books that express offstage concerns should also be given place. The present venture takes into consideration the twofold subject of children's literature and children in literature. It is of interest to those who wish to explore the recesses from where the adult behaviour emanates. It presents many less verbalized realities of childhood, its beauty, joy as well as challenges. Many papers bring out thinking of a society that shapes children and their world. Some papers take into stock the popular trends in children's literature. Overall the book *Children and Literature* is a tribute to the truly inspiring phenomenon of childhood.
